Floriani Embroidery Project

Paper Doll
Supplies Needed:

- Floriani Wet N Stick Tearaway,
- Perfect Stick Tearaway or Wet N Gone Tacky
- (Only one Floriani “sticky” product is needed.....choose your favorite!)
- Floriani Stitch N Shape Non fusible
- Floriani No Show Mesh Fusible (Optional)
- Floriani N Show Mesh (Non-Fusible) for Doll Clothes
- Aleene’s Tack it Over & Over or Double Side Tape

Directions for Stitching the Doll:

1. Place your inner hoop on a piece of Floriani Stitch N Shape trace the inside of the hoop. This will give you the exact size to cut your Stitch N Shape. Place your inner hoop on a piece of Floriani Stitch N Shape trace the inside of the hoop. This will give you the exact size to cut your Stitch N Shape.

2. Place one piece of your favorite Floriani “sticky” stabilizer (Floriani Wet N Stick, Perfect Stick or Wet N Gone Tacky) in the hoop with the adhesive side up. If using Wet N Stick, moisten the surface lightly (no more than you would wet an envelope). You will feel the adhesive become sticky immediately. If using Wet N Gone Tacky or Perfect Stick, hoop the stabilizer with the paper side up, score the paper and peel it back to expose the sticky surface. Place one piece of your favorite Floriani “sticky” stabilizer (Floriani Wet N Stick, Perfect Stick or Wet N Gone Tacky) in the hoop with the adhesive side up. If using Wet N Stick, moisten the surface lightly (no more than you would wet an envelope). You will feel the adhesive become sticky immediately. If using Wet N Gone Tacky or Perfect Stick, hoop the stabilizer with the paper side up, score the paper and peel it back to expose the sticky surface.
3. Place the Floriani Stitch N Shape on to the sticky surface of the stabilizer.

4. Place the hoop on the machine and begin stitching. Remember to stitch slowly for the best results. If doing embroidery, set your machine speed to 600 stitches per minute or less.

5. Remove the embroidery frame from the machine once the doll is completely stitched. Tear away the stabilizer from around the embroidery. (If using Wet N Gone Tacky, trim the stabilizer close to the stitching.)
6. Use a stencil burner (preferred method) or scissors to trim around the doll.

**Optional: Iron one layer of Floriani No Show Mesh Fusible to the back of the Stitch N Shape before trimming to cover the stitches.**
Directions for Doll Clothes

Place two (2) pieces of Floriani No Show Mesh in the embroidery frame.

1st piece at a 90 degree angle
2nd piece at a 45 degree angle

Stitch as normal. When stitching is complete use a stencil burner to trim around clothes.

Apply Aleene’s Tack it Over & Over or Double Side Tape to the back of the clothes.
